Student's own answers.

Grammar

Be going to (future planning)

3 Complete the passage with the correct form of *be going to*.

is going to affect are going to make is going to be is going to play
are not going to do are going to transform

As the world of computers and computer technology continues to change, many people have wondered what the future of computers and related technologies (1) **is going to be**.

Engineers (2) **are going to transform** computers and make them

smarter. Take robot technology, for example. It has come a long way, but it still has a long way to go. Robots in the future (3) **are going to make** human lives safer and better. Humans (4) **are not going to do** the things that are too dangerous, like spaceflight, search and rescue -robots are going to do them instead. Robot and computer technology (5) **is going to play** an important role in our future, and it (6) **is going to affect** people all around the globe.

will vs. be going to

4 Circle the correct answer.
